PROFILE

Currently working in both Pharmacy as my day job and at a volunteer position making up the core Web Development Team at Amnick Social Enterprises, I am looking to step into a paid position to fully immerse myself in the world of tech and expand my skillset.

I am reliable, self sufficient and capable of working both independently and as part of a team, working to and meeting strict deadlines.

EXPERIENCE

September 2018 - present Swansea, UK	Pharmacy Dispenser Day to day duties include: Assembling and dispensing medication, accuracy checking of prescriptions, following Standard Operating Procedures to ensure best practices are followed. Liaising with surgeries and patients in regards to illness and medications. Working independently and as part of a team on a daily basis.	Knights Pharmacies
September 2016 - 2018 Ammanford, UK	Pharmacy Dispenser My duties were exactly the same as they are now in my current position.	Lloyds Pharmacy

EDUCATION

Jul 2022 - Jul 2023 Remote, Ireland	Level 5 Diploma in Web Application Development This year long education allowed me to learn the ropes and advanced concepts of HTML, CSS, JavaScript and Python, alongside frameworks, database management and libraries to complement them. I completed four projects, with my final being a fully functional E-Commerce store (Listed on my Github under the repository 'Cottage Delights') using Django as the framework, PostgreSQL for the database and Stripe for the payment method with additional Webhooks.	Code Institute via Cardiff and Vale College
Sept 2009 - Sept 2012 Other:	Critical Thinking - A-Level 5 GCSE A-C grade in English, Math and Sciences.	Coleg Glan Hafren (Now Cardiff and Vale College)

SKILLS
